DOCKETED

AUG 18 2010

RE: Docket No. W-20540A-08-0178
Decision No. 70464

DOCKETED BY	
-------------	--

To Whom It May Concern:

The Third and Fourth requirements associated with aforementioned Docket and Decision No. are as follows:

- That the Company file, within two years of the effective date of this Decision, with the Commission's Docket Control, as a compliance item in this docket, a copy of the Approval to Construct ("ATC") for Sepulveda Creek Estates which is to be issued by ADEQ;
- That the Company file, within two years of the effective date of this Decision, with the Commission's Docket Control, as a compliance item in this docket, a copy of an Analysis of Adequate Water Supply or a Physical Availability Determination which is to be issued by ADWR which demonstrates the availability of adequate water for the Sepulveda Creek Estates subdivision;

Due to economic factors, Vernon Valley Water, Inc. is unable to provide the ATC or Adequate Water Supply determination in accordance with the Docket and Decision No. Vernon Valley Water, Inc. has communicated with Sepulveda Creek Estates and would like to request a three year extension for the due date on these compliance items. Effective due date listed in the Decision is August 6, 2010; the extension would move the effective due date to August 6, 2013.

I may be contacted by any means listed in the header of this letter. Thank you for your consideration. Have an excellent day!

Best Regards,

Thomas Grapp
